

Columbia Gas will
perform maintenance at this address
in the next few days

Address _____

We will upgrade the service line connection at your gas meter. This work is part of our Riser Safety Program, done at no direct cost to you.

Important messages

- Your gas service will be shut off during this work.
- We will need to enter your home or building to restore service. This includes checking for leaks and safe operation of your appliances.
- Our contractor will have representatives in the neighborhood throughout the day and evening to restore service. Our goal is to restore your service as soon as possible on the day of repair.

Please look for our contractor in your neighborhood over the next few days. We appreciate your cooperation and assistance while we complete this important work.

Riser Safety Program Contractor
Company Name
123-456-7890

Our representatives carry Columbia Gas ID badges, and they will be happy to show them to you before entering your home to restore service.
